PS NCO School in UJEZD U SVATEHO KRIZE (4934N-1245E), and an
n/i PS Basic Training Center in HOSTOUN (4934N-1245E)

LEGEND

I. PS NCO School

Note: [REDACTED]

50X1

It was located in the southern outskirts of town in an old castle. Approximately 240 PS EM, divided into two companies, were attending the school. The capacity of the school was about 300 students.

50X1

a. Guard house: 1-story brick bldg, 5 x 7 m, for sentries. No further details.

b. Barracks: 1-story stone bldg, 25 x 25 m. Glass rooms, kitchen and messhall in the basement; billets for about 120 EM on the first floor.

c. Barracks: 1-story wooden bldg, 20 x 10 m. Supply rooms and some class rooms in the basement; billets for about 120 EM on the first floor.

The entire school was surrounded by a stone wall, two meters high.

II. PS Basic Training Center

Note: [REDACTED]

50X1

All trainees were billeted in one three-story brick building, 30 x 20 m, which was formerly a prison. There was a small garden in front of the building. Drills were conducted in the nearby fields. [REDACTED] there were three companies of PS trainees, with about 100 men in each.

50X1

The capacity of the entire installation was about 300 EM. It was also a training area for the POBEZOVICE Brigade.

Enclosure B

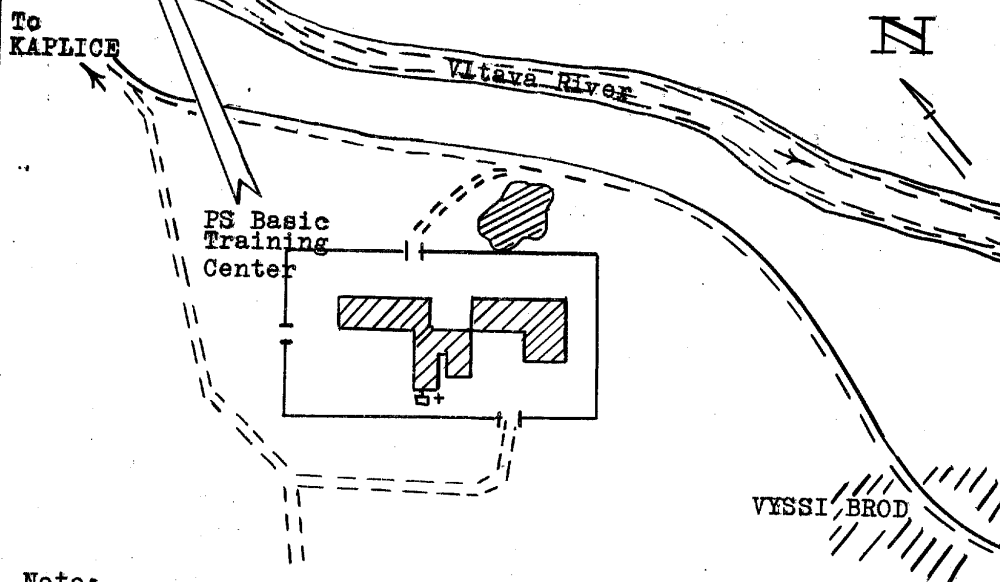

PS Basic Training Center, CESKE BUDEJOVICE Brig,
in VYSSI BROD (4837N-1419E)

Map Ref:

REITERSCHLAG East, Czechoslovakia, Sheet 4552/4E, dated 1922, copied in 1951, AMS M872 (GSGS 4725)
 Scale: 1:25,000

50X1

Note:

The center was an irregularly shaped stone castle, one story high and about 80 x 6 m. The orderly room, supply room, kitchen and messhall were in the basement, and the first floor were EM billets. The capacity of the entire castle was about 500 EM.

The castle church had been converted into a museum. The entire property was surrounded by a stone wall, which was about two-thirds stone and one-third wood. In the immediate vicinity of the castle there was a natural lake, 30 x 20 m in size.

2d PS Bn, 11th PS Brig. STUPAVA (4819N-1702E)

Note:

50X1

50X1

The 2d PS Bn Hq was located in a partially destroyed old castle in the center of STUPAVA. The following units of the 2d PS Bn were housed in the castle: Hq Co, U/1 Sig Plat; U/1 Trans Plat; and U/1 Rear Svcs Plat. The total EM personnel of these units was about 110.

LEGEND

1. Supply rooms and repair shops: 1-story brick bldg, 20 x 15 m. No further details.
2. Offices, messhall and EM billets: 2-story L-shaped stucco bldg, 15 x 35 m. Capacity of billets was about 110.
3. Unoccupied building: 2-story L-shaped stucco, 15 x 35 m. Partially destroyed.
4. Garage: 1-story brick bldg, 20 x 10 m. Held two Skoda-Tudor sedans and an unknown number of Erenka light trucks. No further details.

There was no fence around the installation. Behind the castle there was an artificial pond, 70 x 50 m in size.

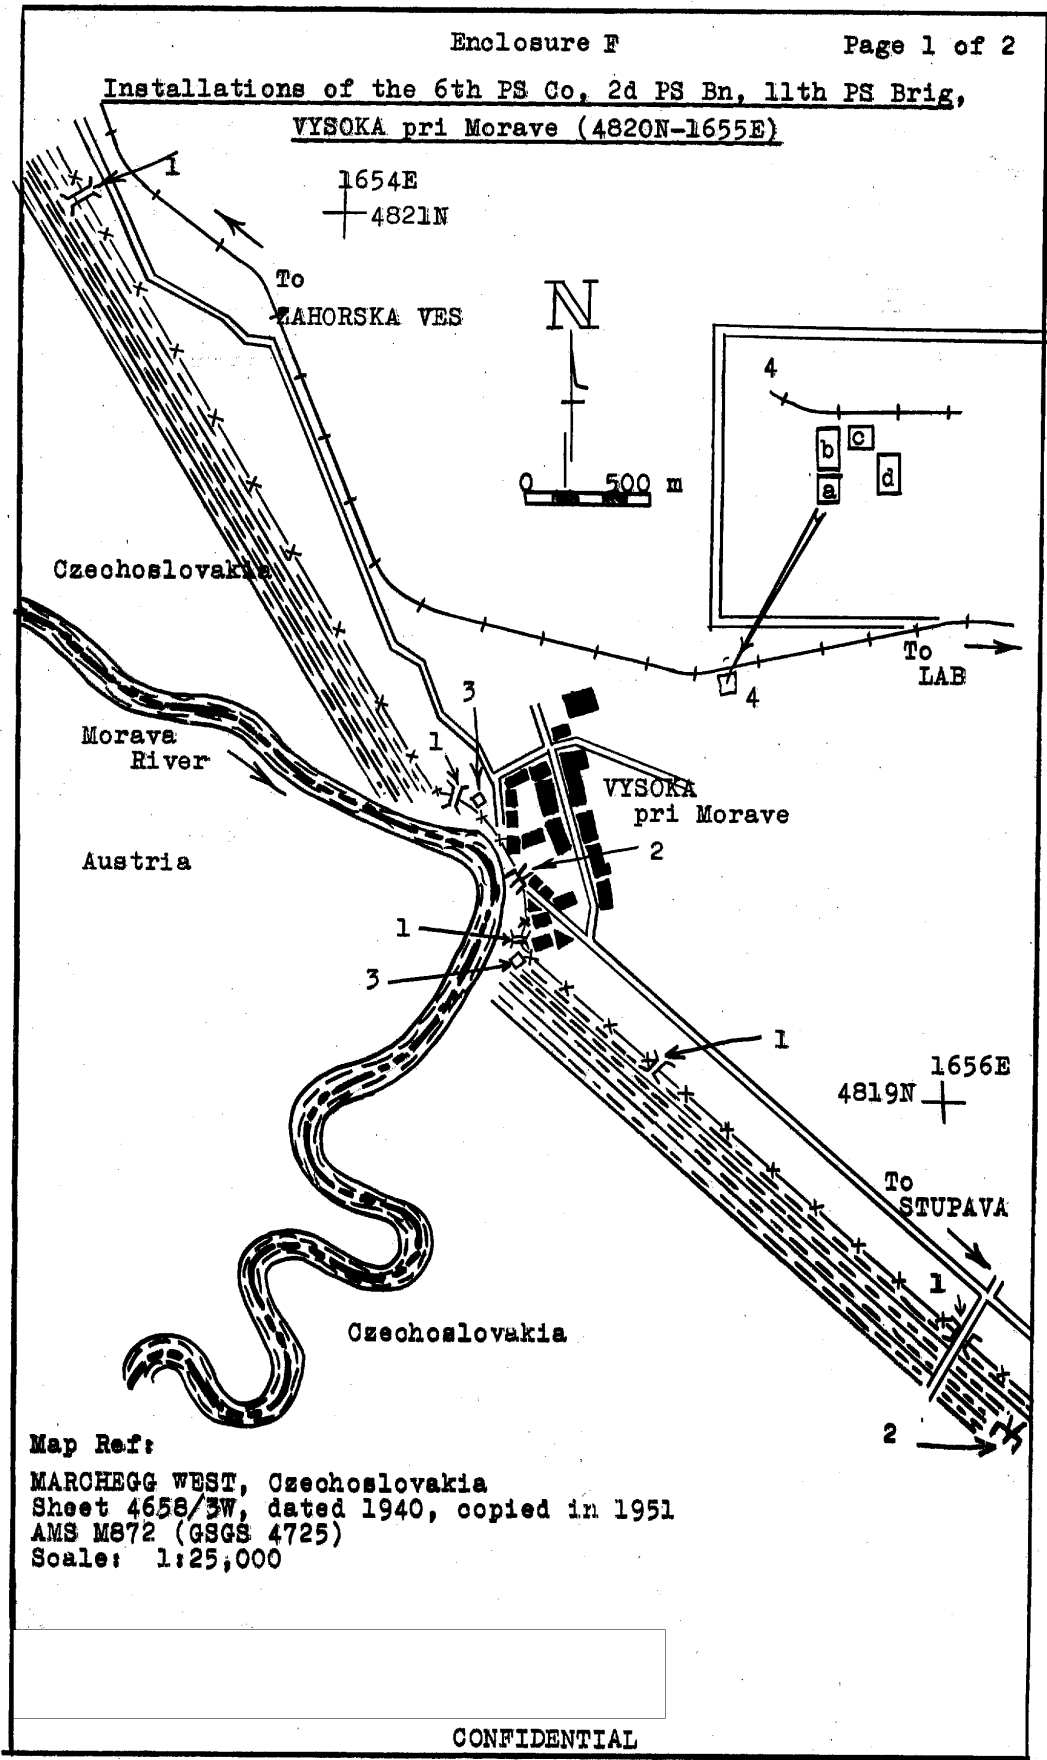

All officers had their quarters in town.

Enclosure F

Page 2 of 2

Installations of the 6th PS Co. 2d PS Bn. 11th PS Brig,
VYSOKA pri Morave (4820N-1655E)

Note: On the border between Austria and Czechoslovakia, there was a triple-type field fence constructed out of wooden posts and barbed wire. For a detailed description of the fence, see the report previously published on Training and Maneuvers and Items of Interest. [] described additional installations as items 1 to 3 of the legend.

50X1

LEGEND

1. Gates: 4 m wide, locked at all times. There were five gates in the 6th PS Co sector.
 2. Observation towers: two wooden structures, about 10 m high, and not camouflaged. Each was equipped with an LMG, a telephone and a pair of field glasses. During the daytime two PS guards were in each tower; during the hours of darkness no guards were in the towers.
 3. Pill boxes: concrete, built in WW II. The tops of the pill boxes were 1 1/2 m above the ground, and had openings for three HMGs.
 4. 6th PS Co area:
 - a. Family quarters: 1-story brick bldg, 20 x 15 m, for three officers. Not yet completed.
 - b. EM billets: 1-story brick bldg, 40 x 15 m. Included the orderly room, a large room for the men of the 6th PS Co, and two small, private rooms for the CO and first sergeant. Capacity of the large room was about 60.
 - c. Garage: 1-story brick bldg, 15 x 15 m. The company sedan, a Skoda-Tudor, was parked here. Also held fire wood and extra beds in storage.
 - d. Messhall, kitchen, laundry and supply room: 1-story brick bldg, 40 x 15 m.
- Horses assigned to the 6th PS Co were stabled in the town of VYSOKA pri Morave.

LEGEND

I. U/1 Officers' Rear Service Military Academy

50X1

- a. Class rooms and workshops: 1-story stucco bldg, 30 x 10 m. No further details.
- b. Offices and billets: 3-story stucco bldg, 30 x 15 m. The billets were for student officers. No further details.
- c. Garages: 1-story stucco bldg, 50 x 7 m. No further details
- d. Billets: 3-story stucco bldg, 30 x 15 m, for student officers. No further details.
- e. Supply: 1-story stucco bldg, 30 x 15 m. No further details.
- f. Foundations: about 10 m west of academy wall; for family-type houses. Under construction in Jan 53. No details.
- g. Class rooms: 3-story stucco bldg, 30 x 20 m, about 20 m west of academy wall.

The entire academy was surrounded by an iron picket fence with a stone wall foundation. The fence was about two meters high.

II. U/1 Underground Chemical Plant near NITRA

50X1

This factory had been under construction since 1951. [redacted] was told by a friend who was employed there in the fall of 1952 that it was to be an underground chemical plant. About 80 people were employed on the construction. One large steam shovel was used in digging foundations. The road leading to the area was being widened and a railroad siding was being built. Apartments for families were being built in the area. [redacted]
